NEW YORK, Jan. 21.—Speculation at the Stock Exchange was dull again to-day, the transactions having aggregated only 108,000 shares. At the opening the market was heavy, prices declining to 1½ per cent. Jersey Central and Union Pacino leading. The loss was partly recovered before 11 o'clock, Sugar, Chicago Gas, Manhattan and Union Pacino displaying strength. The improvement was due in Sugar to a favorable decision by the United States Supreme Court in the well-known Philadelphia suit, brought by Attorney-General Olney under the Sherman anti-trust law. The court sustains the position of the Sugar Company. Gas rose to 74½ on the relienation of the rumors that insiders were inclined to adjust the existing differences. A conference of the parties interested is slated for this week. Union Pacific first broke to 5½, and later railled to 1½. Liquidations account for the continued weakness of this specialty. In the closing bour of business the market was heavy, and especialty for Sugar, Chicago Gas, the Anthracite Coalers, the closing hour of business the market was heavy, and especially for Sugar, Chicago Gas, the Anthracite Coalers, and the Grangers, the decline being accelerated by the break in wheat and rumors of financial troubles in San Francisco. The market closed weak, with prices anywhere from 14 to 2½ per cent, lower on the day. In the inactive stocks Pennsylvania Coal sold at 329, against 310, the last previously reported sale. The bond market was weaker. Sales of listed stocks aggregated 25,000 shares; unlisted, 32,000 shares. Money on call easy at 19114 per cent, last loan at 1 per cent, prime mercantile paper, 354 per cent. CHICAGO.

CHICAGO, ILL. Jan. 21.—There was nothing to complain of on the score of activity in to-aay's wheat market, but it was not the kind of action that suited the bulls. From the top to the bottom just 2c. parted the range, and 1½c. of it came during the last thirty minutes and seemed to be the result of united action by longs and shorts, although the former were very likely unwilling participators in the aggression. From the start there was an undercurrent of nextness, and apprehension was felt that values would not sustain. Shortly before the close a raily of ½c. took place, but no apparent strength was felt. May wheat opened from 574,25375c, to 574,c. declined to 555,c. closing at 555,c. 15c. under Saturday. Cash wheat sales were generally moderate, but the nominal close had all the weakness of the futures.

Corn—It was a disastrous day for corn, as for wheat, the raiding being as prominent and as widespread. Country orders to sell were on the market early, and local professionals were doing their utmost to depress values. Many of the orders mentioned failed of execution before the break came, and heavy losses had to be accepted in order to liquidate. The country, which has been so faithful to the buil side, lost confidence carly, and for the time were in a state of consternation bordering on panic. The overpowering influence for weakness was the increase of 1,194,000 bushels in the visible supply. May corn opened at Corn-It was a disastrous day for corn increase of 1,194,000 bushels in the ic supply. May corn opened at ., the low point was 475,2755,c., and close 475,c., 15c. under Saturday ling in cush corn was at prices 1/2 or Saturday, the final nominal quous being fully in sympathy with the me in futures.

under Saturday, the limit nominal quotations being fully in sympathy with the
decline in futures.

Outs—This grain fared no better than
the others, and at the beginning of the
hammering tactics was the most defenceless. No support was accorded prices,
except such a negative one as came from
short covering. The large hotses that
mave been prominent sellers of late were
among the leaders on that side to-day,
May outs closed ic, under Saturday
Cash outs sold be, lower and ic, lower
than Saturday.
Provisions—There was absolutely no
difference in the product market from
the conditions existing in grain. Speculaton was impressed by the shump in
wheat, corn and outs, and followed the
course of those markets. Large receipts
of hogs was a further depressing feature.
The close was 35c, lower than Saturday
for May pork, 100/12/pc, lower for May
lard, and 15c, lower for May lard, and 15c, lower for May pios.

Messra, Charles W. Bohmer & Co. report the Lynchburg (Va.) tobacco market for the week ending January 19, 1865, as follows:

Sales for week ending January 19, 1805, 212,800 pounds; sales for week ending January 19, 1895, 551,900 pounds; increase week ending January 19, 1895, 338,100 pounds.

Sales from October 1, 1894, to January 19, 1895, 4.811,500 pounds; sales from Oc-1895, 4.811,500 pounds; sales from Oc-ober 1, 1803, to January 10, 1804, 4,330,000 ounds; increase for 1894-1805, 481,500

pounds, increase for 1804-1805, 381,500 pounds.
As our receipts during the week were about 760,000 pounds less than what they were for the corresponding week last year, our increase was proportionately reduced. It is estimated that we have sold thus far one million pounds more of bright tobacco than what we did last season up to the present time. Our dark offerings are therefore about 500,000 pounds short of last year. Good shipping tobacco, when run across, was actively bid for, and, as a rule, brought satisfactory prices. Medium grades were a little easier and lugs and common tobaccos about the same as last reported. No black wrappers were offered. The Petersburg Record of Saturday, January 19, 1805, says:
The sales of tobacco Thursday were large and the prices obtained were satisfactory. Mr. R. O. Steger, of Amelia county, received \$14.75 for his offerings, and Mr. J. D. Hites, of the same county, received \$14.75 for his offerings, The prices generally obtained at the breaks were satisfactory.
The following will show the movement of tobacco during the past week at the various warehouses:

Because Water was Wasted,

Because Water was Wasted,

At a recent meeting of the Committee on Water a petition of Mr. J. C. Smith was submitted, who asked that the committee remove from his place of business the water meter placed there a short while before. The communication explained that the writer purchased the moter with the expectation of saving money, but that his bill for water used was actually higher after he had adopted the meter than it had been before. He added that he was willing to pay the expenses. The committee declined to comply with his request.

A member of the Committee on Water, when seen on the subject last evening, stated that the committee had declined to take the meter out because they knew that water was wasted at Mr. Smith's place of business. It was true that the meter was his property and he could remove it, but the committee could have it replaced by another for the very reason that water was being wasted there.

TABP-STREET CHURCH.

Taking Depositions in the Thorp.McKenney Case - Ex-Governor Cameron

in Petersburg. PETERSBURG, VA., Jan. 21.-Special.

Yesterday was the tenth anniversary of the pastorate of Rev. J. W. Rosebro, D. D., as paster of Tabb-Street Presbyterian church, and that eminent divine referred to the fact in a very appropriate manner. During his ministry here he has received into the church 300 members, and has paptized a number of persons. Dr. Rosebro is much beloved by his congregation, and

is very popular in the community. The regular quarterly meeting of the Methodist Sunday-School Union Associa-tion was held yesterday afternoon at Market-Street church. The reports from the nine schools showed a total organization of 1,767; average attendance, 1,334; percentage of attendance, 77; money coilected, \$102.50. An interesting address was

made by Rev. Mr. Parham.

A mass-meeting for men only was held yesterday afternoon at St. John's Epis-copal church. The sermon was preached by Rev. Arthur L. Lloyd, of Norfolk, who has been assisting the rector, Rev. W. A. R. Goodwin, in a series of meetings during the past week.

The court of inquiry ordered by the Governor to inquiry ordered by the Governor to investigate certain features of the trouble in the First regiment, will convene at the armory this morning at 10 o'clock. It is composed of Captain Tomlin, of Norfolk; Captain Mushbach, of Alexandria; Captain Nelson, of Charlottesville, and Colonel Boykin, of Isle of Wight, who is designated as judge advocate.

The investigation will be confined to The investigation will be confined to the question of whether a certain court martial ordered by Colonel Jones was justified in refusing to proceed with the required examination. It is expected that some facts will be brought out which will show a condition of affairs that should not exist.

The court will report the facts developed during the investigation to the Governor, who will subsequently take action.

Law and Equity Court.

Law and Equity Court, before Judge Minor, yesterday, the entire day was taken up with the trial of the suit of Henry Crenshaw's administrator against W. T. Ford for \$2.000 damages. Late in the evening the jury brought in a verdict for the defendant.

To-day will be tried the suit instituted by Lucy A. Booker's administrator against the Richmond Railway and Electric Company. The suit was caused by the death of little Miss Lucy Booker who some time ago fell out of a buggy. the horse having ran away, frightened by an electric are light that had been low-ered on Frankim street by an employe of the defendant for the purpose of trimming

the defendant for the purpose of trimming the same.

The following suits were instituted in this tribunal yesterday:

Richmond Mutual Aid Society against W. H. Brinkley and W. H. Cheatwood; debt on bond, \$190.

F. T. Sutton and H. Selden Taylor, receivers of the Burton Brick Company, against Samuel H. Pulliam & Co., contracted, for \$106.78.

Smail-Pox Not Spreading.

Mr. Herbert I. Lewis, Commonwealth's Attorney of King William, was in the city yesterday and stated that the small-pox situation in his section of the State was greatly improved. There have been no new cases since January 3d. The six persons who have the disease are all convalescing. Only one death has occurred. There have been no cases off the Indian reservation and all who fell victims to the disease contracted it from the original case.

original case.

Mr. Lewis thinks there will be no new cases. The Commonwealth's Attorney has given nearly all of his time during the last four weeks to perfecting quarantine measures and was being warmly congratulated to-day upon his apparently successful efforts.

Bert e County Matters.

Bert e County Matters.

WINDSOR, N. C., Jan. 21.—Special.—Charles J. Moore, a prominent farmer of this county, and Miss Webb, a well-known and popular educator of the county, were married yesterday at Wellington. A negro woman named Jane Hog-wood was left alone in a house near Windsor. She was in perfect health, and sitting by a fire. The other negroes went a short distance, and when they returned they found her dead, lying in the fire, and nearly ali of her clothing burned off of her. No foul play is suspected, and it is thought that she had a stroke of paralysis.

The Baptist ladies of Windsor gave a supper Friday night, to raise money for the church. The sum of \$70 was realized.

On Cary Street.

Cary street, that congested thorough-fare, where is done the produce trade of the city, is in a terrible mess because of the sidewalk improvement going on. The sidewalks are torn up in places on the north side from Twelfth street to Virginia street. The handling of goods is much interfered with, and some of the merchants are grumbling no little over it.

Paying Election Expenses. Taying Election Extenses.

The Committee on Elections held a called meeting in room No. II of the City Hail last evening, which was attended by Messrs. Hobson (chairman). Reeve, Woody, and Smith. Some routine business was transacted and bills amounting to \$600, forming part of the expenses caused by the recent election, were ordered to be paid.

There is no apparent change in the condition of General Coiston, who is sick at the Soldiers' Home.

SANGER HALL Filled With People.

DR. FRENCH'S

Gift to the Poor.

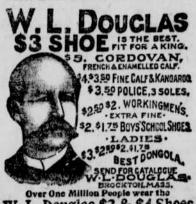

The most marvelous and charitable work ever done in Richmond is being performed by Dr. French every morning from 10 to 11 o'clock in Sanger Hall. The excitement created by his mysterious and wonderful healing of the sick is something seldom experienced in a public hall. It is simply impossible to describe the scenes that take place every morning. All people should go and witness for themselves. People crowd around the Doctor to be cured of their infirmities, and many go as spectators. Thursday morning a gentleman who had lost his voice and could not speak above a whisper was made to speak in a natural tone, and a gentleman who could not raise his arm from rheumatism, and said he had had it bilistered and made sore the whole length of the arm, was relieved in a few minutes so that he could swing the arm and use it as well as ever. Several cases of deafness were relieved as by magic, though the Doctor said they would require more treatment to make a permanent cure, and many other interesting cases were treated successfully; but all should go to Sanger Hall and witness for themselves before they can understand the wonderful power there is in magnetism to cure disease. Remember, Dr. French does not treat acute diseases, but those long-standing chronic diseases that are given up as incurable and baffle the skill of practitioners who do not make a specialty of such diseases. Dr. French has taken parlors at Murphy's Hotel, where those who are able to pay may go from 9 A. M. until 6 P. M. each day, except the hour in the hail. Consultation at the hotel free. Admission to the hall free. Dr. French cures all forms of skin diseases, piles, ruptures, fissure, tumors, fistula, cancer, dropsy, dyspepsia, sleeplessness, constipation, all nervous diseases, all female complaints, without the use of instruments or exposure of the person; consumption, deafness, catarrh, blindness, and all diseases of the blood or bones. No matter what your disease is, go and see Dr. French if you wish to get well.
